RE: Payment of May 2010 Fringes and the new Pipefitter wage allocation

The new allocation for Pipefitter fringes is attached. These rates take effect as of

First shift Monday, June 7, 2010

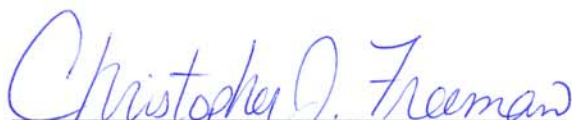

During this time of year when the fringe rates change, Employers are sometimes obliged to submit two sets of fringe forms for June. One set for the partial week at the beginning of June that is at the May rate and another set that is at the new fringe rate. This June will require one set for the week beginning first shift Monday May 31 and one set for the last three weeks of June at the new allocation.

Another option to avoid two fringe forms for June. If you are able to submit **ONE** fringe form which covers the time period from the beginning of your May fringe report through **Sunday June 6, 2010**, within the normal reporting time line for fringe reports and contributions, the 15th of the month, please do so. If you need more time however:

For this one time

For hours worked in May 2010 and including hours worked through Sunday, June 6, 2010 BeneSys is willing to do what is necessary to extend the deadline of Tuesday, June 15, 2010 to Monday, June 21, 2010 for submission of fringes and reports. Please note that this extension is not available unless the hours go through June 6.

If you have any questions about the Labor Update please contact Chris Freeman cfreeman@mcadetroit.org or Carl Evans cevans@mcadetroit.org at MCA Detroit (313) 341-7661.
